Call for Papers

Important Dates

Abstract Submission Deadline:

February 6, 2015

All Acceptance Communications:

March 16, 2015

Preliminary Paper Submission Deadline:

April 27, 2015

Peer Review Final Acceptance Communication:

May 20, 2015

Final Camera-Ready Paper Submission & Copyright Deadline:

July 10, 2015

Early Registration & Hotel Deadline:

September 22, 2015

fie2015.fie-conference.org

Overview The 45th Annual Frontiers in Education (FIE) Conference is a major international conference focusing on educational innovations and research in engineering and computing education. We welcome submissions related to educational issues in electrical and computer engineering, energy engineering, software engineering, computing and informatics, engineering design, and in other engineering disciplines. FIE 2015 continues a long tradition of disseminating results in these areas. It is an ideal forum for sharing ideas, learning about developments and interacting with colleagues in these fields.

Paper Categories FIE welcomes full papers up to eight-pages and work-in-progress papers up to four-pages that address the broad tracks of (1) innovative practice, (2) research-to-practice, and (3) research. Work-in-progress papers are typically in frontier areas where it is understood the work is in an early or intermediate stage and authors are seeking feedback from the community. Additional information may be found on the FIE 2014 Web site.

October 21-24, 2015 | Camino Real Hotel and Conference Center | El Paso, Texas
